

“Student Problem Behavior” Worksheet (Redirection Protocol)

1. Identify the problem behavior in observable terms. (Use few words.)
2. What do you know about the student’s behavioral history? (IEP? BIP?)
3. What triggers the behavior? Can the antecedents be changed?
4. What purpose (function) do you think the behavior serves?
5. What strategies can you use to redirect the behavior (use the student's interests/ preferences)?
6. What socially appropriate, alternate behaviors/responses can the student learn and how can you reinforce that appropriate behavior?
